OSA 1286-64
5 March 1964

MEMORANDUM FOR: Chief, Materiel Division, OSA
Chief, Idealist Division, OSA

SUBJECT: System IXA Functional Test Light

REFERENCE: 25X1A 1725
 9663 (OUT 37187)

25X1A

1. has been asked to investigate the feasibility of incorporating a Functional Test Set into the System IXA. They have reacted with a proposed system which will permit the pilot to ascertain proper functioning of the System at any time during the flight. The test is initiated by depressing a button on the IXA control panel. If the System is operating as designed, a light indicating "successful test" will be illuminated on the control panel.

2. A copy of the contractor's technical proposal is attached to this memorandum. This proposal has been evaluated by the Communications Engineer, and is considered to be technically satisfactory. Additional details on this proposal may be obtained from Your comments and recommendations are requested.
